I'll let you know.

There are several other APRs in front of it, I'm currently rush reviewing 3 PBID draft MDP & ERs and I have a final public hearing in Council for one of my MBIDs next Tuesday and a ton of other stuff (like the Best Practices seminar) too.

I did get your other items (the UPS boxed stuff and the emailed newsletters which I like the look of), so I believe Westchester is caught up for now.
